6 REASONS to choose Sunburst Memorials

- 2. Memorial Installation**
Our professional setters are trained to set foundations and memorials and are held to the highest finishing standards in the industry.
- 3. Full Customization**
We sell thousands of memorials in the upper Midwest and can reproduce a timeless design or create one that is new and now! We work directly with quarries from all over the world to offer the latest granite colors. Choose from hundreds of our design elements or we can create a design from your photographs and imagination that is truly personal.
- 4. Cremation Memorial Options**
From cremation benches to decorative boulders; from memorials to be placed in a cemetery or your backyard, we have numerous options with full customization.
- 5. Our 100% Guarantee**
We set the standard with our 100% guarantee. If you are dissatisfied, we will rework it or replace it to your complete satisfaction.
- 6. Value and Assurance vs Price and the Unknown**
Buyer beware when purchasing from an internet company. Typically, they require full payment in advance and you have no recourse if not satisfied. We have witnessed many horror stories of damaged and misspelled memorials and most do not meet the cemetery requirements. They are often delivered to your front door with no arrangements for installation.

Peace of mind is priceless, purchase from someone you can trust.

To LOVE, TO HONOR, TO REMEMBER

LOVE • HONOR • FAITH • REMEMBER • RESPECT • APPRECIATION

One of the most challenging times in our lives is the passing of those we love. The process of acceptance can be as long as it is difficult. Along with this process comes the necessity to bid farewell in a manner we feel is appropriate. The last farewell we are able to extend is that of a permanent memorial.

We understand that now might be a difficult time for you and your family. When the time is right and you are ready to choose a memorial, regardless if your purchase is from our company or not, please do not make an uninformed decision. Our professional memorial counselor will guide you through the process of choosing a memorial that is both unique and profoundly personal.

Reasons to memorialize:

- Provides a physical place to visit and reflect on your loved one's life and know that they will always be "nearby"
- It assists with closure and emotional healing
- A visible sign of how we value life, making a permanent record of existence
- It keeps the memory of your loved one alive
- To trace your family heritage for generations to come
- To share your life story and honor a life well lived
- To be a part of your community history
- It's often the last thing you can do for an individual's dignity

CATORI STONE

Catori is a Native American term meaning “spirit.” Each stone has its own unique color and grain structure. Occasionally “moons” appear on the stone. Legend has it these “moons” are spots where spirits have touched the stone and left their mark. Each beautifully handcrafted one-of-a-kind stone has a sawn front or natural rustic finish. It can be used as a memorial or signage stone.
